Make every effort to keep the unity of the Spirit through the bond of peace. Ephesians 4:3

Dear prayer partners,

Peace be with you in Christ Jesus and we thank you for diligently keeping us in your prayer. This month has had many highlights and challenges in our personal lives and ministry. It was also a time for our large Mexico team to discern, to pray and to refine the team vision in relation to partnership with Mexican C&MA national church and other kingdom work partners in Mexico. The main focus was how we as a team with different gifting and ministries be united in one Spirit to advance His kingdom work in Mexico and beyond. Two things that were emphasised from the discussion were humility and peace in our relationship working together as a team and with the nationals. ** Please pray with us that God will lead the team to have a final written vision statement that would glorify His purpose and plan in Mexico.*

Ministry was kind of on hold after the earthquakes, but we trust God is in control and has His own perfect timing for things to come. We attended a mission conference where local Mexican Christians from various churches shared their short term mission experience in China and their desire to reach out to the Chinese in Mexico City and China. *That is a great encouragement to us!!* We thank God for this opportunity to connect with them. As some of you may be aware that in the past, many Chinese migrants who settled in Mexico many years ago have experienced oppression and unfair treatment under the government at that time. Mexican Chinese in general are being looked down upon and many choose to stay low profile for fear of being a political target. Surely, our Lord Jesus is the Prince of peace, through Him there are forgiveness and grace. ** It is our prayer that Mexican Christians also see the need to share the Good News with their Chinese co-worker, neighbours and friends. And we hope to partner with local churches in reaching out to this least reached people group in Mexico City and beyond.*

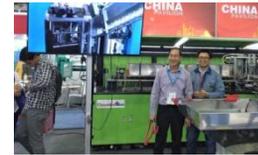

Do you like taco? Recently, we and our friends shared a big taco platter for six people with various sides and kinds of meat. We enjoyed so much as we share and fellowship over this big taco platter. Ministry can be the same way as we share and fellowship with other like mind people in His kingdom work. December will be a busy month for us as we invite people to our home and hold Christmas events. There is a break through this week as one of the Chinese families would like to work with us in hosting a Christmas gathering at their building where many other foreign Chinese professional live. **Please pray specifically for this event and the connections that we will make.* Thank you dear friend in Christ.

Meeting and connecting with local business professionals at the largest plastic molding exhibition in Mexico City.

We were able to spend few days in Toronto to attend our youngest daughter's graduation at McMaster University. So grateful how God walked with her for the past years while we were in Mexico.
